NUMERO #12 - JUNE 2013

Tribute to Jean-Claude ZIV

The 27th of May 2013, Jean-Claude Ziv left us at the age of 63 after battling a protracted fight with cancer. Jean-Claude was a founder and general secretary CODATU. This news was a choc for all the CODATU network members and its partners who had the chance to work with him.

CODATU joins the Bridging the Gap initiative

CODATU joins the “Bridging the Gap” initiative in order to help raise awareness of the contribution of the transport sector to climate change and enhance the levers of this sector in the fight against greenhouse gas emissions. Recently, Bridging the Gap organized official side events at the UNFCCC Climate Change Conference in Bonn, 3-14 june 2013.

World Conference on Transport Research – Rio, 15-18 july 2013

The next World Conference on Transport Research will be organized by COPPE – Federal University of Rio de Janeiro in Brazil, from the 15th to the 18th of July 2013. For the first time, this event will be preceded by the WCTRS Young Researchers’ Conference, which will be held on July 14, 2013. This event will gather hundreds of transport researchers. CODATU will be involved in the Special Interest Group n°7 on Urban transport in Developing countries (SIG-7). CODATU will hold a special session during which will be unveiled next city hosting the conference. It will also pay tribute to Jean-Claude Ziv for this occasion.

CODATU is a nonprofit organization with an international vocation which aims to promote international exchange between different actors, both in transport and urban mobility fields: governments, companies, research institutes and professional of urban planning.

CODATU conferences have thus designed to enhance the scientific and practical experiences contributing to the implementation of a sustainable urban mobility in cities in developing countries
